ODNR – KEN ELLIOT

Ken Elliot talked about the tree cutting project that is being done by ODNR. Several dead trees were removed this winter and the project in this ongoing project.

FLMSP members showed pictures of tree branches and trunk being left on the trail. Ken assured us that is no longer the case. It could be that some neighbors are removing the wood.

TREE REMOVAL NEAR BEECH ROAD

Bruce showed pictures of the damage that has been done to the Trail near Beech Road, in the Miamiville area.

Mr. McCracken, who owns property near the Trail, has removed several hundred small trees. Many of these trees were on State property. He didn’t get permission from the ODNR before doing this.

A heated discussion ensued after we discovered that ODNR made a settlement for these damages without calling FLMSP to discuss the situation. ODNR is only asking for grading and grass seed from McCracken. Steve and Aaron will schedule a meeting the Director when Steve has recovered from his surgery.
